*****All engines are serviced (or checked over if less than £250 or on brokerage)*****

All Seamark Nunn engines (except Brokerage sale motors) are serviced or checked over and are covered by our 6 month back-to base warranty, as with the manufacturers warranty cover it only covers failures that are the engines fault and no associated costs.

Brokerage** engines are being sold on a customer's behalf – These engines will still be tested but will not be serviced.

All ages, manufacturer warranty durations and "hours used" are approximate but to the best of our knowledge.
